Re Philadelphia airtel and LHM 1/21/72, which sets forth attempts by individuals claiming their representation as, "Science for the People" the publication printed by captioned organization, to disrupt the annual conference of the American Association for Advancement of Science (AAAS), 12/26 - 30/71.

To possibly assist other offices in determining members of captioned organization, by a weeding out process, Philadelphia should attempt to obtain the guest lists of scientists who attended the aforementioned convention.
